VERDICT FAVOR LIGHT COMPANY

Glenwood Park Company Must Pay for Light for Summer of 1907.

In the case of the Utah Light & Railway company against the Glenwood Park company, yesterday afternoon, Judge Howell rendered a verdict in favor of the plaintiff. The suit was brought to recover \$200 and interest on an alleged account for the electric lighting of the park in the year 1907.

The defendant claimed that R. A. Grant was the lessee of the park for a year, and that the company had nothing to do with the indebtedness incurred through him. The other side, however, maintained that their contracts were with the Glenwood Park company rather than with Grant and that they could hold no other party for the same. The court looked upon the transaction in the same light and awarded judgment to the plaintiff accordingly. The trial of the case took up the time of the court a couple of days.

SUNDAY SERMON AT THE EPISCOPAL

Superstition and mystery have played a prominent part in the religious history of the world. The hold which the ancient religions had upon men was largely due to the fact that they were enabled to make men worship the mysterious and the unknown.

True religion is the simplest thing in all the world, and the so-called "difficulties of a religion" are not the things that trouble the ordinary man. He is much more likely to be troubled by the simplicity of the program which the master for the regeneration of the world. Christ did not preach a religion of mystery. He came to tell men of their Father in heaven. This will be the subject of the sermon at the Church of the Good Shepherd Sunday night, when the rector will preach on the "Simplicity of Religion."

In addition to the regular music, a quartette, composed of Misses Hill and Huggins and Messrs. White and Cranston, will sing "God Who Madest Earth and Heaven." Mr. White will sing the offertory solo.

HIGH SCHOOL TEAM DEFEATS GRANITE

Local Boys in a Fast and Snappy Game Win By Score of 46 to 0.

One of the Best Games of the Season Seen on the Glenwood Gridiron.

Forty-six to zero was the score in favor of the Ogden high school Saturday afternoon, when that team, in a fast, snappy game, outplayed the Granite eleven on Glenwood field before a large crowd of enthusiastic football fans.

The features of the game were the spectacular criss-cross play between Evans and Captain Stone of the Ogden eleven, which resulted in Stone running the entire length of the field for a touchdown, and the accurate though difficult goal kicking of Moran.

Ogden's line played a splendid interference throughout the game, and the work of the back field brought cheer after cheer from the side lines.

Captain Hiram Leggsman, the fast colored boy of the Granite team, played a splendid, clean, uphill game, and was ably supported by his men. Captain Stone of Ogden, "Stuffy" Evans, Mickey Boyle, Walt Smyth, Whitmeyer, Allen, Anderson and Moran starred throughout and were the glory of the spectators. The rooters were out in force.

The lineup:

Ogden. Granite.
W. Smyth.....C.....Huntze
Anderson.....R. G.....McCormell
I. Checketts.....R. T.....Zincell
A. Stone.....L. H.....O'Brien
Chas. Smith.....L. G.....Dinghurst
Sample.....J. T.....Carlson
Whitmeyer.....L. E.....Hamilton
Moran.....Q. B.....Asherman
Evans.....R. H.....Gerard
Mickey Boyle.....F. B.....Travers
Capt. Stone.....L. H.....Capt. Leggsman
C. E. Harker.....S. E.....Harker
B. E. Harker.....S. E.....Harker
McAllister as field judge, and T. B. Bush as head linesman. Harker called both teams together in the center of the field, explained the rules and then in a few words gave his instructions to the opposing sides regarding the manner of playing the game.

Granite won the toss, and in view of the fact that there was a stiff breeze blowing from the eastern end of the field, chose to defend that end.

The kickoff took place at 2:30, and from that time on the fans stood by the side lines and watched the opposing teams lope up and down the field. At no time was Ogden's goal in real danger. Stone, Allen and Boyle added to the back field, and then Moran took a hand in moving the play forward. Back and forth the men surged for a few minutes and then Ogden began a forward movement which was not stopped until Stone had shot through the line for a touchdown.

Moran kicked a very difficult goal from the 20-yard line near the side line, and the score was 6 to 0 in favor of Ogden.

After the second kickoff the Ogden team got its stride, and the quarter was ended with Ogden's ball in Granite's territory.

During the second quarter the play started with the same aggressive forward movement, Ogden carrying the ball to Granite's end line. Then the visitors took a brace and held Ogden for downs, finally booting the leather out of danger for a while. But back again came the ball, nearer and nearer to the goal by a succession of swift and snappy plays. Evans ran around ends, Boyle shot through holes torn out by W. Smyth, and Moran pushed on for a touchdown, after which he again kicked a difficult goal.

With the ball again in play, Ogden rushed it forward in a series of forward pass plays. Stone, Boyle and W. Smyth making the gains until Ogden was penalized five yards. Ogden then lost the ball on a fumble. In attempting a forward pass Granite lost the ball, but regained it almost immediately, when Ogden attempted a fake place kick. Captain Leggsman then tried to advance the ball, but was tackled by Boyle, who broke through the line and stopped the play. Granite, unable to make the gain, lost the ball, and suddenly Stone tore of 25 yards for another touchdown. Leggsman then tried another

forward pass, was tackled by W. Smyth and lost 10 yards, the quarter ending with the ball in the center of the field.

At the beginning of the third quarter predictions were rife among the fans on the side lines as to what the score would be. Granite kicked off to Ogden and stopped the return of the ball on Ogden's 53-yard line. Then came the sensation. Moran passed the ball to "Stuffy" Evans, who started around Granite's left end, luring the greater part of the opposing team after him. When he passed Stone they put the criss-cross play into effect, Evans passing the ball to Stone who loped around Granite's right end. But Granite woke up. The men on the left side of the field started after Stone with a speed born of desperation. As they drew nearer Stone, gripping the ball, and with one arm outstretched, straight-ahead, then sidestepped them, jumped around them, and wriggling past, clutching groups of them, ran with a clear field toward the goal. Captain Leggsman made a one frantic clutch, and gripped the knees of Stone, but Stone slipped away.

The rooters, who had been watching the spectacular run with bated breath, then woke up, and for a brief spell went wild with excitement. When the field had been cleared, Moran made another of his successful and difficult goal kicks from the 20-yard line near the side.

From that time on until the end of the game the rooters stood in the drizzling rain and cheered themselves hoarse as they watched the perfect team work of Ogden high and the plucky, uphill fight that Granite put up to stop the ball.

Throughout the game there was no sign of rowdiness, both sides playing a clean game, with the true spirit of athletic rivalry.

According to the remarks of those who know the finer points, Salt Lake high and the rest of the teams scheduled to play Ogden are likely to be unable to "take home the bacon."

The outcome of the game with the University of Utah freshmen, scheduled to take place here on Friday next, is being looked forward to with interest.

John Checketts, Lavin, Veasy, Reberg, Stove, Floyd Smith and Arthur Evans formed the substitute list Saturday afternoon.

Coach Brown expressed himself as pleased with the work of Ogden high and looks forward to a successful season.

EXCELLENT NEW BILL AT ORPHEUM TONIGHT

One of the best shows of the season will be seen at the Orpheum tonight. Every number is a winner, and the whole bill is fairly bubbling over with entertainment. The acts vary in character and the combination is most pleasing.

George McKay and John Cantwell, a couple of clever and versatile terpsichorean comedians, who were stars at the Orpheum in Chicago last season, will present their satire, "On the Great White Way." It enables them to introduce their various impersonations and also the eccentric dancing for which they are famous.

Miss Irene Howley appears in vaudeville after a series of recent successes in the cast of New York musical comedy triumphs. Most recently she appeared supporting James Powers in Havana and Montgomery & Stone in "The Old Time Show." Her many accomplishments on the stage Miss Howley has become famous in the artists' studios of New York as a type as she is frequently referred to as the "Harrison Fisher Girl" since she posed for the well-known artist's popular series of pastels. For vaudeville Miss Howley presents what she is pleased to style "Singing Fun Songs." Her act will be a pleasing number on the bill.

Mr. and Mrs. Erwin Cannely will be seen in their condensation of W. S. Gilbert's famous dramatic contrast, "Sweethearts," which ran for 139 nights in London to immense audiences. Its popularity wherever presented by these sterling artists in this country has been phenomenal. The story begins with youth and terminates with old age, and affords both Mr. and Mrs. Cannely an excellent opportunity for the display of their versatility and ability.

The Kraggs Trio, European trapeze artists, will make their first appearance in this city tomorrow evening. They are recently from London, where they were an immense sensation in the leading music halls. Their performance has the enthusiastic endorsement of the English press, who describe it as marvelous.

"Lem-Put" is the odd name of the best known singing clown in Europe who comes for a special American tour, and will give the way from Munich to appear here. "Lem-Put" is a unique and he is famous for the variety of his voice impersonations and imitations of animals, musical instruments and almost every conceivable sound. He imitates soprano and baritone singers, reproduces the voices and characteristics of famous European artists, male and female, and impersonates a conversation between a young lady and a gentleman in a Napolitanese. His imitations of children, women and babies are really wonderful and amazing. "Wheelock and Hay" are billed as "Cyclone Comedians Extraordinary," which fully explains the nature of the act. Dressed in unique costumes, they do a bawdy act of novel, surprises and skillful riding.

The new motion pictures, together with a fine orchestral program will complete a most enjoyable bill. Matinee Wednesday and Saturday.

DEMOCRATS WILL OPEN HEADQUARTERS

At a meeting of the Democratic central committee of Weber county last evening, Chairman W. W. Browning announced that headquarters would be established in the Orpheum block on Washington avenue, between Twenty-fifth and Twenty-sixth streets, Monday morning.

The resignation of A. L. Scoville, as a candidate for the state legislature, was received and accepted. W. J. Tollhurst, of the Third ward of Ogden, was nominated to fill the vacancy. Mr. Scoville stated to the committee that it would be impossible for him to make the race because of previous business arrangements. Mr. Tollhurst, the nominee of last evening, is employed by the railroad in the machine shops of the Union depot. He is looked upon as the labor candidate of the party.

OPENING OF THE DEE HOSPITAL

Institution Will Receive Patients About the Middle of Next Month.

General Public Will Be Invited to Attend the Opening.

The Dee Memorial hospital is now nearing completion and will most likely be opened for patients about the middle of November. It is expected that the construction work on the building proper will be finished by the first of the month.

While it was expected that the new hospital would be ready for service by the first of October, many unexpected delays have occurred and Mrs. Annis T. Dee, who has just returned from a trip to Salt Lake City and Provo, stated yesterday morning that it would probably be as late as November 20th before the doors can be formally opened. It is the intention of the hospital association to invite the general public to visit the institution after its completion and before it is opened to patients.

Carloads of equipment are now stored in the completed rooms of the building, ready to be put into place when the construction work is finished. This means that no further delays can be caused by the absence of material. Next week fires will be started under the boilers of the heating plant and the pipes dried. It is the intention of the builders to have the artificial heat sent through the wards and rooms as soon as possible so that all pipes and varnish affected by the warmth will become devoid of odor before the opening of the institution.

The public will be given notice of the time of the opening as soon as it is definitely known to the hospital association.

DANCING CLASS AT WEBER ACADEMY

Under the direction of Professor E. W. Nichols of the Weber academy faculty, a neat little booklet has just appeared, entitled "Department and Ball Room Etiquette." It is full of plucky suggestions as to what to do and what not to do if one desires to be ladylike and gentlemanly in the ballroom. The professor believes that dancing, when properly done, assists in the full and harmonious development of the physical body and adds a very pleasing dignity and grace to the person. Dancing improperly conducted is injurious physically and is often immoral.

Next Wednesday, Oct. 19, at 4 p. m., Professor Nichols will organize a class in dancing at the academy. The class will hold regular meetings, every session of which will be under the watchcare of Professor Nichols. A limited number of pupils will be admitted from the outside. For particulars consult Mr. Nichols of the Dancing department.

JOINT QUARTERLY CONFERENCE TONIGHT

The Y. L. M. I. A. and the Y. M. M. I. A. will hold their joint quarterly conference tonight at 7:30 o'clock, at the Tabernacle. The speakers will be Apostle O. F. Whitney and Rulon F. Wells. A good musical program will be given. Organ solos by S. Whitaker and vocal solos by Miss Irene Wilcox and Miss Irene Streng will be rendered.

LET'S WIFE LEAD LIFE OF SHAME

Albert Anderson Taken Into Custody On Serious Charges by Police Officers.

Albert Anderson and his wife, Amanda, were arrested last night and looked at the police station as "vags." The officers say that it quite a usual thing to find men who live from the ill-gotten gains of women, they being termed "secretary vags," parasites, but it is extraordinary to find men actually holding such a relationship to their legal wives.

When Anderson and the woman he claims to be his wife were arrested, the officers supposed, of course, they had a case of vagrancy of the parasite category, but to their astonishment, when they reached the station, the man produced a marriage certificate, dated October 15, 1908. The marriage was consummated at Bountiful and the man and woman seem to be of the manner born.

Anderson could make no satisfactory explanation of his solicitations on the street and he was dumfounded when he learned that he had made approaches to an officer of the law. The couple were placed in jail and will be called, at some future time, to answer before the municipal court.

MODERN WOODMEN ATTENTION.

All members requested to meet at Eagles' hall Sunday at 1 o'clock sharp to attend the funeral of Brother A. W. Rankin, at Second ward, at 2 p. m. J. H. SHAFER, Clerk.

AT THE THEATRES

"THREE TWINS"

The "Three Twins" the first of a series of Klaw & Erlanger attractions to appear at the Orpheum theater during the present season, was presented last night to a packed house. Every seat was sold and there were a number of box parties in evidence. The production, which has been called the Ben Hur of musical comedy, is really deserving of this distinction, the play being one of the largest of the kind ever produced on a local stage. The costumes were exceptionally beautiful and they were worn by an unusually pretty heavy of girls. Not only were the girls comely in appearance but they were clever in the dances and figures and possessed good voices. The leads in the sketch, which threaded its way through the play, were cleverly executed and the comedy was crisp and fresh.

One of the songs which made a distinct hit with the audience was "Cuddle Up a Little Closer, Lovely Mine," in which was introduced the original tableaux, "The Seven Ages of Cuddling"—the babe, the school boy, the soldier, and on through the ages pictured by the hard to the lover with slippers feet wended their way in cuddling couples across the boards.

The finale of the first act introduced the electric awing in which the entire company of half a hundred people took part. The swing is a gorgeous piece of stage setting and is lighted with a myriad of various colored incandescent lights, altogether forming a most sublime electrical effect. No prettier stage scene was ever produced in an Ogden theater.

The plot of the comedy is that of misidentification. There is not only a pair of twins but an impostor as well. The tangle of likenesses precludes situations that are irresistibly funny. Miss Helen DuBois, the cheerful weeper, who takes part in the comedy, is one of the most clever of

the actresses, Miss Minnie Allen, who has the stellar role, is clever, pretty and has a splendid voice. Miss Bessie Clifford made a hit in the hypnotic Klaw and Erlanger song. Both were cleverly done.

In the second part the marvelous faceograph is introduced and this is the first time that the machine has been shown in this city. Miss Bernice poses near the faceograph and her face is thrown upon the screen at the rear of the stage in heroic size. The front of the stage is occupied by the chorus singers. This is presented in connection with the Yama Girl song and is the second of the sensational features of the production. The wholesome satisfaction which the play produces will mean a correspondingly large house for other of the Klaw & Erlanger productions which are billed to appear at the Orpheum during the winter.

THE MOOSE SHOW.

CAST.
Percy O'Neill.....L. J. Foote
Gerald Stone.....Geo. E. Raymond
Robert Sinclair.....Jas. B. Herriek
Horace Sinclair.....Grant Syphers
Jerry.....Alonzo Rogers
Stub West.....Geo. Greenberg
Jim, the Jaller.....R. A. Irvine
Banty.....L. J. Foote
Officer.....M. P. McMillan
Mable West.....Mrs. R. A. Irvine
Chief.....Mr. G. F. Reach
Florence Sinclair.....Lillian Gayle Foote

The comedy drama "Myrtle Ferns" was given at the Ogden Theater last night by a company composed of members of the local Moose Lodge.

The piece is really a drama, and was presented in a very creditable manner by the amateur performers. The "heavy work" was well handled, and the comedy interwoven in the story was brought out in a professional way.

When one considers the short time of rehearsal allowed the amateurs, and the fact that most of them were facing an audience for the first time, he appreciates the efforts and the result brought about.

Geo. E. Raymond, as the "gentlemanly" villain, handled the role of Gerald Stone well. He hesitated occasionally in repeating his lines, and showed some nervousness, but carried his part through satisfactorily.

Jas. B. Herriek, as Robert Sinclair, appeared to have devoted some study to his role. He performed creditably and assisted materially in the smooth action of the piece.

Grant Syphers' portrayal of Horace Sinclair, the play's father, could not have been improved upon. Mr. Syphers has had some experience on the stage in former years, and this experience was in evidence last night.

R. A. Irvine, as the Jaller, played that difficult role in an actor-like way. The amateurism and awkwardness of this repellent character would try the ability of any player. Mr. Irvine deserves compliment.

Alonzo Rogers did the part of Jerry in an admirable manner. The part calls for much ability in the fun making line, but Mr. Rogers was equal to the requirements and had the audience in a good mood during the entire evening.

Mrs. G. F. Reach assisted Mr. Rogers in the comedy. In her part of Chick, the little boyish sister, Mrs. Reach's work was commented upon by many of the audience. She was well cast and quite capable.

Mrs. R. A. Irvine, who played the part of Mable West, was as good as the other members of the cast. The part was not a strong one, but Mrs. Irvine handled it well.

The success of the piece, however, belongs to Mr. and Mrs. Foote, who, as the play's father and mother, played the double role. Mr. Foote, did a double role, as Percy O'Neill and Banty, and each of them were done in the fashion that has gained for him his enviable reputation.

Mrs. Foote held the stellar position in the part of Florence Sinclair. Mrs. Foote is a beautiful woman and a thorough actress. She handled each situation in an admirable manner and assisted considerably in the coaching of her amateur charges.

The play, it was announced, will be given again within a short time, after which it will be put on in Salt Lake City for the benefit of the Moose lodge there.
